

A SEA OF SMILING FACES GREETED ST. NICHOLAS at the annual Christmas party held before the holidays. The jolly old fellow is seen at left with Clyde Craven, of the Beta Four Heavy Machine Shop, and children, Tim and Judy on the piano, and little Judy in Santa's arms. At right, Mrs. Ruth Sheller, wife of Otto, Metallur-

gical Development, with their fine children, Joe on piano getting just as far from the old man as he can, seated at left Ann, and standing next to Mrs. Sheller is Tony, who doesn't look too happy about the whole affair. Little Mimi, however, liked the jolly Santa Claus and got as close as she could.

## Income Statements To Be Out Next Week

**Important W-2s Issued  
By Friday, January 13**

The festive holiday season always ends with the rather unpleasant talk about Federal income taxes. Y-12ers are scheduled to receive their important tax statements, familiarly known as W-2s, next Wednesday, January 11. Hourly paid employees will be issued the forms attached to their pay checks, and salaried employees will receive the report in the mail by Friday, January 13.

The forms, which contain information on amounts of salary, wages withheld for income tax, and social security, are required in filing income tax statements due not later than April 15. Also to be distributed will be Form 23, giving amounts of disability absences and pay.

Any other salary earned during 1960 must also be reported with a W-2 Form, so Y-12ers who have worked elsewhere during the past year must also have these reports from the other company or companies to file with the tax returns.

W-2 Forms are issued in duplicate, one to be filed with the return, the other to be retained by the employee for his own records.

## Civil Engineers Discuss Automation At Next Meet

The Oak Ridge Branch of the American Society of Civil Engineers will meet next Wednesday, January 11, at 7:00 p.m. at the Oak Ridge Utility District Building, on the turnpike in Oak Ridge just east of the Bus Terminal.

A film will be shown, "This is Automation." Officers elected for 1961 will be installed, and the program for 1961 will be discussed. All members and interested parties are invited to attend. Further information may be obtained from B. H. Hale, phone 7333, and Al Skinner, phone 7968.

## LEUKEMIA INCREASING

Leukemia has increased nearly 400 per cent in men over 50 since 1930. The American Cancer Society is spending large sums for research on ways to control this fatal form of cancer.

JUST A PORTION OF THE CROWDED MASS that grouped around Santa at one of the parties. Various stages of happiness and discomfort register on the faces present. Sometimes there is just a hint of disbelief.

## Tuesday Is Deadline For Badge Exchange

**Yellow Border Badges  
Are Obsolete January 10**

Next Tuesday, January 10, is the deadline for exchanging old badges for the new badges in the quarterly exchange of meter badges. The new identification badges are identical to the old ones with the exception of the lower border which is now blue, replacing the yellow on badges used for the last quarter.

No old badge will be honored at the gates after next Tuesday, and employees are urged to exchange badges as soon as possible, if they have not already been exchanged.

Distribution of the new identification badges is taking place at each employee's regular portal used for entrance to work. New badges remaining in the racks after January 10 will be removed to the Badge and Pass Office and must be picked up there after the deadline.

## "GUARD YOUR FAMILY"

Again this year, the American Cancer Society has adopted the slogan, "Guard Your Family — Fight Cancer with a Checkup and a Check."

## Both Young And Old Alike Make Holiday Parties Crowded, Fun-Filled For Y-12ers

**Santa Claus' Visit At Children's Six Parties Matched  
Only By Dixielanders At Oak Terrace For Mom And Pop**

A throng of happy children greeted Old St. Nicholas at the annual Union Carbide children's parties held Thursday and Friday, December 22, and 23 at the Oak Ridge High School. More than 2,000 Y-12 children along with more than 900 parents came to watch the festivities.

Complete with the old fellow in a red suit, a seal act, The Jenner's, movie cartoons and stockings for all — the parties were gleeful, festive and made for a child's heart. The three Union Carbide Nuclear plants held joint parties this year, with five sessions at the High School and one at the school in the Scarboro community.

The dance, held Friday, December 16, at the Oak Terrace proved as successful a venture for the adults as the children's parties were. Papa John Gordy's band, minus Papa John this year because of illness, made the same hit they always make at Y-12 functions.

Various remarks were heard about a sardine can, which will indicate briefly what the crowd was like. More than 456 dancers

and merry-makers crowded into the Starlight Room for the gala fun.

The Dixielanders provided an ample variety of music for any type of dancer present. Door prizes of hams, turkeys, and fruit cakes further cheered the merry crowd.

## "Bound Pairs In Brueckner Theory" Is Seminar Topic

The Physics Division of Oak Ridge National Laboratory announces the seminar for this Friday, January 6, to be held in the Central Auditorium of Bldg. 4500, as being "Bound Pairs in Brueckner Theory." R. L. Becker, of ORNL's Physics Division, will conduct the seminar, to be held at 3:15 p.m. Interested technical personnel are invited to attend.

## Frypan Leads Safety Awards

**Clock Radio Second  
In Popular Selections**

Y-12ers apparently plan to do a lot more cooking than playing golf as the safety award tally shows. Award selection ran the gamut with the electric fry pan leading the field while 871 Y-12ers chose this item as a safety award. Low selection went to the golf cart with only 39 desiring the wheeled caddy.

The clock radio polled second best in selections with 767. The breakdown on total awards are as follows:

- Folding Chairs—684.
- Clock Radio—767.
- Corningware Set—441.
- Drill Attachments—59.
- Electric Blanket—355.
- Electric Frypan—871.
- Electric Heater—110.
- Electric Percolators—347.
- Electric Razor—337.
- Fire Extinguisher—59.
- Golf Cart—39.
- Hair Dryer—190.
- Ice Chest—187.
- Women's Leather Jacket—202.
- Men's Leather Jacket—183.
- Men's Luggage—245.
- Women's Luggage—234.
- Revere Ware—93.
- Sleeping Bag—146.
- Socket Wrench Sets—165.
- Spinning Reel—175.
- Transistor Radio—425.
- Wall Clock—349.
- Wrist Watch—
- Women's—147.
- Men's—81.

This 26th Union Carbide Safety Period extended for 10,307,137 hours of Y-12 operations, a total of 311 days. Beginning December 11 of 1959, the period extended through October 17 of last year, the longest span of time Y-12 has gone without a disabling injury. The record is tops for all Union Carbide Corporation divisions and among the tops in all plants owned and operated by the U. S. Atomic Energy Commission.

The many fine safety awards brought favorable comment from all over the Y-12 Plant, many feeling that the selections were varied enough to give everybody a choice of something he either needs or likes. The useful articles drew the attention of women and men, appealing to all tastes from the sportsman to the housewife.

## WHEN IS A GOLD MINE?

A gold mine isn't always a gold mine, reports the Canadian Department of National Revenue. It surveyed the operations of 84 gold mines in Canada during 1958, discovered that 61 of them operated at a loss.

## SAFETY SCOREBOARD

The Y-12 Plant Has  
Operated  
**30 Days Or  
955,000 Man-Hours**  
(Unofficial Estimate)  
Without A Disabling  
Injury

**Through December 30**

**Phone 7755**

## Georgia Baby Title Won By Granddaughter Of Y-12er

Debra Lynn Clark

Little Debra Lynn Clark, granddaughter of Y-12er Bert A. Clark, of Maintenance, was recently crowned queen in a baby contest in Cobb County, Georgia.

The winsome little lass won a large loving cup, a blue ribbon for her 100 percent health record, and a screen test given by International Films. She is the daughter of Mr. and Mrs. Alvin E. Clark of Smyrna, Ga., her father being a former Y-12er in Instrument Engineering.

More than 250 babies participated in the event, sponsored by the Disabled American Veterans.

Get well wishes are extended the following Y-12 employees who were patients last week in the Oak Ridge Hospital:

V. B. Williams, Research Services; Louis Otten, Graphite Shop; Frank Hixon, Sunflower Shop; W. A. Wigington, Product Processing.

## Y-12 Electrical Department Gives \$100 To Shrine Fund

In the true Christmas spirit, the Electrical Department of Y-12 donated \$100 during the holidays to the Knoxville Shrine Club to defray expenses of transporting crippled children to the Shrine Crippled Children's Hospital at Lexington, Ky. R. S. Hickey presented the check, which was matched by a group from a Knoxville firm with another check for \$500.

The C Shift group in Alpha Four also donated \$25 to the crippled children's fund from a "cigarette" fund. A box placed near a cigarette vending machine collected the funds, pennies gathered after the purchase of cigarettes. This fund was in addition to the group's Christmas Card fund which also went to charities.

Other groups from Y-12 contributed to various charities throughout the section.

"Mama, what's a second story man?"

"Your father is one, dear. If I don't believe his first story, he always has a second one ready."

With the last squall of happy children already fading away, the wrappings thrown away, and the carols put away for another year, the old Grand Central Depot around The Bulletin Office seems like a mighty quiet place. With George Whipple Dobbs away on vacation at home—with a brief side trip to St. Mary's Hospital for a general check-up—first of all George's multitude of friends send speedy wishes thataway.

Santa may not have brought everybody everything they wanted but he sure did bless Y-12 with plenty of babies. With that and other news of the New Year here goes—

## SHIFT SUPERINTENDENTS AND UTILITIES

Chief Dan Rader stayed at home in Oak Ridge last week playing with all the toys the Rader clan got for Christmas. . . . Lib Kilby got down to Jacksonville to take in the Gator Bowl game. . . . Utilities welcomed back W. S. Everett after an illness just long enough for him to take off to Middle Tennessee for a delayed vacation. . . . J. D. Tolliver visited Harlan, Ky., during the holidays with a stop at Stearnes on the way back home. . . . J. A. McLain vacationed last week visiting kinspeople in Alabama. . . . The Steam Plant says that R. T. Mann vacationed last week in Brownsville, Tenn.

Marriage is a committee of two on ways and means. . . she gets her way, he provides the means.

## INDUSTRIAL RELATIONS

From Medical comes the good word that Zelma Laurendine vacationed in Laurel, Miss., over the holidays and Mavis Koons was to spend time in St. Louis (unless it was iced in—then on to Ft. Myers, Fla.) Note: She probably headed South.

The Fire and Guard Department extends condolences to G. A. Atchley, whose mother-in-law passed away recently. Liz Campbell sent word before she left that the fish ain't a-bitin' . . . and the livin' ain't easy . . . no "dears" to be rounded up, but promised lots of news next week. Maybe she'll let us in on where SHE went!

The Cafeteria sends get well wishes to Rosa Lowe, ill at her home in Clinton. . . and reports Madeline Tackett vacationed in Lake City and NOT Lenoir City. . . well, the initials are the same.

Keep smiling. It makes everyone wonder what you are up to.

## ENGINEERING

Mechanical Engineering saw plenty of Christmas holidaying all over the place. . . "Baldy" Clayton ambled down Gawgah-Bama way. . . Lettie Ault waited for Santa in Oak Ridge. . . Ron Miskell didn't think it was cold enough here, he took off for Chicago. . . M. H. Hilton stayed in Knoxville. . . Clara Hickey stayed on the mountain at Rockwood. . . John Bennett, H. E. Neeley and Lon McNeil all vacationed in Knoxville. Dick Spears was at home in Oak Ridge, as was Eleanor Bennett. . . Sympathy is extended to Lillian Higgins whose mother-in-law died in Knoxville December 27, and also to J. E. Tilman whose father died in Jackson, Tenn., December 24.

A major after Christmas task is separating the men from the toys.

## TECHNICAL

Metallurgical Development flashes the good word about John Pridgeon's new daughter born Christmas Eve in Oak Ridge, named Lisa Ann. John was so excited he had to take a vacation to get acquainted with the new-comer.

Radiation Safety comes along with word that Lena Ruth Bailey

took a "no definite plans" vacation. . . Eddie Roberts was out quail hunting all week. . . taking Christmas vacations at home were J. E. Cheek, M. B. Edwards and G. R. Patterson. . . C. A. Sparks, Production Department, proudly brought along this little picture of his new daughter.

Kay Sparks

born December 19, Baptist Hospital in Knoxville, weighing in at 8 lbs. 3½ oz. He named her Kimberly Kay, and brought her and his wife home just in time for Christmas.

"Backward, turn backward, O Time, in thy flight. . . I just thought of an answer I needed last night."

## FINANCE AND MATERIALS

Property reports John Hutton's home rather quiet with Peggy and the two children, Butch and Barbara, on a 17-day excursion to Glasgow, Scotland, to visit Peggy's parents over there. This is her third visit back home since coming to the USA in 1947. John met her while he was in the Merchant Marine and learned enough Scotch brogue to propose. . . The Clifford Anderson household was made merry during the holidays with visits from two young ladies from the Maryville Orphanage.

Evelyn Crouse, Engineering Records, greeted the New Year visiting in Marion, Va.

Betty Rose, Travel, visited relatives in Chattanooga during the holidays. . . Don McMurray, Reproduction, spent an old-fashioned Christmas at home in Kingston.

Astronauts call the escape button on the rocket capsules the "chicken switch."

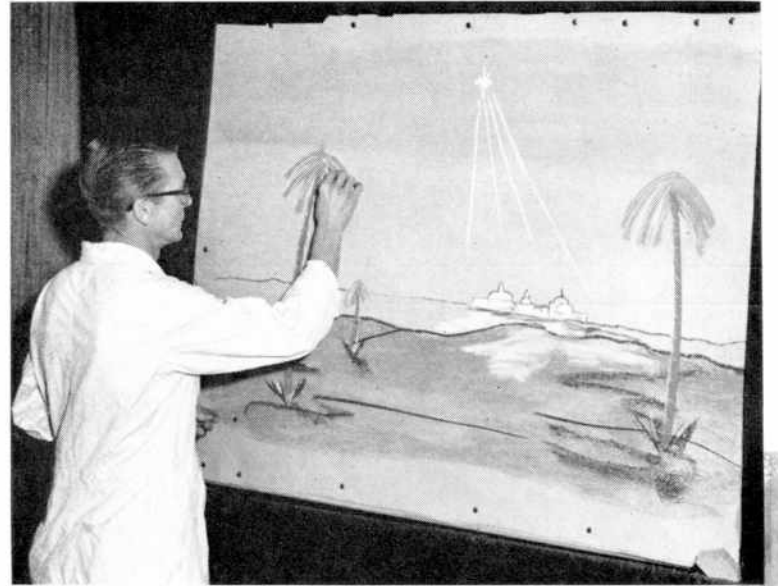

## CHEMICAL OPERATIONS

From Beta Two comes vacation news of Myrtle Leach, who visited her father in Johnson City, Tenn., and her daughter in Atlanta, Ga. . . D. C. Brown, K. S. Fugate and Dewey Nichols all stayed at home. . . Al Hinton went to market to Miami, Fla., to enjoy some New Year's sun and fun. . . Ken Perkins and family took a few days to visit with relatives in Georgia. . . Ken plans to do a little hunting and a lot of sitting. . . Jim McNabb and his family also went to Florida (Miami) to see if they could remember what the sun looked like. . . Ed Isham and Jo Ann spent the holidays in Corbin, Ky., visiting relatives.

It takes hundreds of nuts to hold an automobile together. . . and only one behind the wheel can scatter it all over the road.

## MECHANICAL OPERATIONS

From Alloy comes the glad news that Billie McGregor is the proud papa of a boy, born at Oak Ridge Hospital December 9. Billie took his vacation this week to learn of the many changes of be-

SKETCHING AS A SAFETY LECTURE PROCEEDS, L. C. Martin, painter in Area Five Maintenance, chalks in phosphorescent markings to be shown as the lighting changes. The effective method of visual aids, sometimes known as chalk-talks, is demonstrated above.

## Y-12 Painter Gives Highly Interesting Safety Program Around Holiday Tree

Uses "Chalk Talk" To Key Safety Attitudes To Man's  
Attitude Toward His Fellow Man In Colorful Talk

It looked a little like black magic. With lighting effects, colored chalk, phosphorescent crayons, and a lot of talent, L. C. Martin gave his own Area Five Maintenance group one of the most interesting holiday safety meetings ever displayed in the Y-12 plant.

Using the Christmas theme and tying in safety practices with man's attitude toward his fellow man, Martin keyed the Bethlehem theme to the change in attitude that mankind experienced nearly 2,000 years ago. "Customs were different then," he said, "but man was the same. It is just like that today."

The nativity scene formed as Martin was talking and the changing lighting effects gave a sense of reality to the whole picture. The program was given to two different sections December 19 and 20. This is the second year that Martin has given this particular program.

"It all boils down to attitude," he further explained, "and no matter how many rules and regulations are laid down, unless man's attitude changes safety is going to be a meaningless thing."

S. G. Bishop, superintendent in the maintenance group, and Joe Thomas, supervisor, both agreed that this presentation was one of the year's highlights as far as safety programs were concerned.

E. G. "Sonny" Richardson, engineer in the Safety Department, concurred with this statement wholeheartedly.

Richardson said he believed that when safety meetings were conducted by personnel from within a department itself much more effect is gained, particularly when that meeting is conducted as artfully and tastefully as this one was done. He also agreed that it's not every day talent is found that is as rare as that possessed by painter Martin.

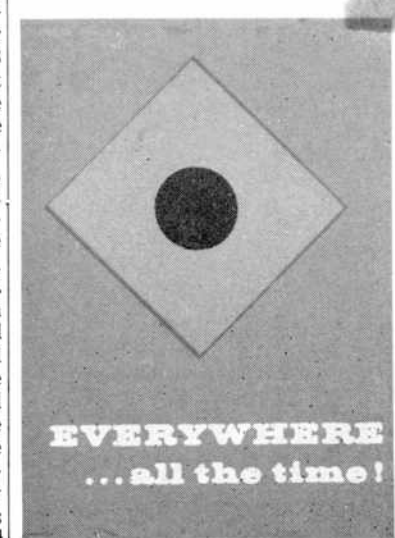

Yvonne

Little Yvonne Elizabeth Bowman put in her appearance to gladden the holidays around her home December 19, weighing 8 lbs. 7 ozs. Her father J. B. Bowman, Beryllium Fabrication, brought in this picture and passed it around the shop four or

five times. From Forming comes news that W. W. Chase vacationed at home in Clinton. . . and Ellen Culp along with her husband, our old friend Dan, visited in Nashville and Cleveland. . . Sympathy is extended to L. S. Hall whose mother died in Oliver Springs December 20.

Continued on Page 4

## Rippers Cop First Half Of League

The Rippers took the first half of the Classic League for Y-12 bowlers easily by downing the Has Beens by four points in bowling December 22. Other four-point wins saw the Markers over the Eight Balls, the Tigers over the Swingsters, and the Smelters over the Wolves. Three-point victories included the Sportsmen over the Bumpers, the Rebels over the All Stars, and the Playboys over the Wasps. The Cubs and Screwballs split the night's action, two and two.

Merle Emery, Wolves, rolled a 234 to take scratch singles, and Bill Hackett, All Stars, took handicap singles with a 255. Roy Roberts, Has Beens, took series honors with a 629, and 662. The Sportsmen took handicap singles and handicap series with 1068 and 2992 while the Rebels took scratch singles with 959 and the Markers took scratch series with 2747.

First-half league standings:

Team	W	L
Rippers	45	15
Sportsmen	40	20
Rebels	34	26
Markers	34	26
Has Beens	33	27
Swingsters	31	29
Tigers	31	29
Screwballs	30½	29½
Playboys	30	30
Wolves	29½	30½
Bumpers	27½	32½
Eight Balls	27	33
All Stars	24	36
Cubs	24	36
Wasps	20½	39½
Smelters	19	41

## Watts Bar Draws Most Fishermen

Watts Bar tailwater led all TVA mainstream impoundments in the state in the number of recorded fishing trips this past year, according to information released by the Tennessee Valley Authority. Compiled by TVA, the report revealed that during the fiscal year of 1959-1960, visits made by fishermen to the Watts Bar tailwater totaled 42,073. The number of visits made by fishermen to Fort Loudoun for the same period was slightly less, with some 42,054 trips being tallied. Chickamauga recorded 40,413 and Hales Bar listed 40,173 fishing trips.

## No Skeet Shoot Is Scheduled Sunday

There will be no skeet match at the Oak Ridge Sportsmen's Range next Sunday, January 8, due to the holidays. There will be a regularly scheduled match Sunday, January 15, at 1:00 p.m. At that time one round will be fired between the teams of Turner-Patton and White-Brewster to determine the first half winners.

**HAPPY HAM AND TURKEY WINNERS**, just in time for the holiday season, are from left to right in picture at left, J. D. Tolliver and Eugene Clowers, Utilities; and Preston G. (Gib) Hatmaker, Alpha Four Cascade Operations. At right lining up the turkey shoot, held at the Oliver Springs airport December 14, are committeemen in charge of the shoot, Ernie Foster, Alpha Four Cascade Operations; Herb Oliver, Chemical; Jim Mays, Steam Plant; E. J. Kendrick, Fire Department; and D. W. Woody, Utilities. Thirty-seven hams and turkeys were given away at the D Shift soiree.

## Set-Ups, Spikers Lead Volleymen

The two league-leading Oak Ridge National Laboratory teams of the Carbide Volleyball League, the Set Ups and the Spikers, widened their lead by clean sweeps from the Biology No. 1 and Biology No. 2 teams consecutively. The Set Ups took the No. 2 Biology netmen by 15-1, 15-8, and 15-2; while the Spikers eked past the No. 1 Biologists 15-13, 15-12, and 15-10.

The Y-12 Hunters downed the Process Engineers from the Oak Ridge Gaseous Diffusion Plant by the lopsided scores of 15-0, 15-0.

League standing follows:

Team	W	L
Spikers	9	0
Set Ups	9	0
A Shift	3	0
C Shift Cats	3	0
Hunters	6	3
Eagles	6	3
Biology No. 2	2	7
Biology No. 1	1	5
Process Engineers	0	6
MIT	0	9

## Toppers Trounce Goofers For Four

The winners of the first half of the Y-12 Mixed League for bowlers, the Toppers got off to a good start in the second half by blanking the Goofers for four points. Three point wins were posted as the Alley Cats took the Phantoms, the Scrappers nipped the Nip and Tucks, and the Pin Plasters plastered the Cool Cats.

Joe Dunlap, a sub on the Pin Plasters, took a scratch single and series honors with a 213, and 593, while Darryl Daws, of the Alley Cats, placed tops in the handicap plays with a 244 and 675. Team honors went to the Toppers in scratch events with a 690, and a 1981, while the Alley Cats took handicap play with a 828 and 2360.

League standing follows:

Team	W	L
Toppers	4	0
Alley Cats	3	1
Scrappers	3	1
Pin Plasters	3	1
Nip & Tucks	1	3
Phantoms	1	3
Cool Cats	1	3
Goofers	0	4

## Y-12 Riflemen Inch Forward In Carbide Shooting League

Y-12 riflemen inched up in the Carbide League rifle match December 21 by taking the Oak Ridge National Laboratory men 1404 to 1363, also winning in handicap shooting by 1444.408 to 1439.481. J. W. Davis, of the winning team, fired a 288—290.789, while Abbatiello of the losing squad fired a 290—293.447.

League standing follows:

Team	W	L
ORNL	13	6
Independents	13	6
Y-12	12	7
ORGDP	0	19

## C Shift Bowlers Bound Off To Hot Pace As Second Half Of League Play Starts

Bill Huffman's 170 Games Entitles Him To Membership In Coveted ABC Triplicate Club

The C Shifters of the C League for Y-12 bowlers maintained their early lead in the league's second half of play by splitting with the Hilifers, then blanking the Sunflowers the next week. Four point wins on December 19 saw the IBM's trounce the Alley Cats, and the Ramblers ramble over the Sunflowers. Three-point wins were posted by the SP's over the Par Busters and the Big Five over the Beta Fours. A split decision was registered between the Hookers and the Chillers. Len Hart, of the Ramblers, swept single honors with a 252-260, and took series scratch top score with 618. Halsey, Beta Fours, and Dixon, Big Five, tied for series handicap with a 646. The Ramblers took all team honors with 938, 1065, 2620, and 3001.

In other December 26 play, the Hookers swept by the Ramblers with the full count of four, while three-point wins were rolled by the Beta Fours over the SP's and the Hilifers over the Chillers. Breaking even at two points each were the IBM's and Big Five and the Alley Cats and the Par Busters. J. W. Halsey, Beta Fours, pounded through taking all individual highs with a 244, 264, 637 and 697. The Hilifers took singles with 960, 1090 and the Beta Fours took series tops with 2672 and 3077.

The magic circle of pin-men who have bowled three 170 games grew slightly on December 26 as Bill Huffman, Ramblers, entered the charmed group.

A triplicate club shoulder patch will be forthcoming from the American Bowling Congress and

will be reported in a subsequent issue of The Bulletin.

League standing follows:

Team	W	L
C Shift	10	2
Big Five	8	4
The SP's	7	5
Beta Fours	7	5
Hookers	7	5
Chillers	6	6
IBM's	6	6
Hilifers	6	6
Ramblers	5	7
Alley Cats	5	7
Par Busters	4	8
Sunflowers	1	11

## Squirrel And Dove Hunting Bags Big

Bag checks from the early part of the hunting season show very high squirrel and dove hunting success in Tennessee. During September, hunters averaged 1.99 doves per hour, and .83 squirrels. This is the highest dove success on record, and the highest squirrel kill since the bumper crop produced in 1957. Dove hunting regulations are based on estimates of the breeding population which appeared to be at an all-time high this year. Squirrel abundance is directly related to the previous year's mast crop. Last year's mast production was rated as excellent.

**A FISHING TRIP PICTURE** without fish is this unusual (?) photograph showing C. A. Stanaland, General Machine Shop, who with F. E. Clevenger, of the same department, went on an angling safari recently in West Tennessee. After much inquiry, it has been determined that in this picture Stanaland is "doing the dishes" after a meal of fresh-caught fish. Anyhow, he says that is a skillet he is holding in his left hand after dunking it in the white bucket of dish water.

## Reactors, Hot Shots Tied In Net Play

Lab Demons, Hoopniks In Close Second Place

The Carbide Basketball League remained locked up in a tie as the Y-12 Reactors and the Hot Shots from Oak Ridge Gaseous Diffusion Plant both took their opponents in league play recently. The reactors defeated their fellow Y-12ers, the Hawks, 49-42, with Langford the leading scorer for the victors and Pridgeon heading up the defeated Hawks. The ORGDP Hot Shots took the Y-12 team, the Players, 40-23, with Graham and Crass leading the pack and Stevens high scorer for the losers.

In other league action prior to the holidays the ORGDP All Stars walloped the Y-12 Buzzards 49-20, the Y-12 Atoms went down to defeat by the hands of ORGDP's All Stars, 57-46, Rodriguez scoring 20 points for the victors.

The Y-12 Hoopniks, led by Mack Jordan's 18 points, took the Lab L team from ORGDP, 41-27. The other Y-12 team, the Rebels, however, had poorer luck as they fell to the ORGDP Lab Demons, 55-24. The Lab Demons also took the Hawks from Y-12 by a tally of 48-42 despite John Pridgeon's 22 points for the losers. Y-12's Hoopniks humiliated the ORGDP D Shift five by 55-35, as C. A. Peters came alive with 30 points.

No play was scheduled for the week between the two holidays as the hoopsters rested up from their labors and celebrations.

League standing follows:

Team	W	L
Reactors	5	0
Hot Shots	5	0
Lab Demons	4	1
Hoopniks	4	1
All Stars	4	2
D Shift	2	3
Hawks	3	3
Atoms	1	3
Players	2	4
Rebels	0	4
Lab L	0	4
Buzzards	0	5

## Beavers Keep Lead, Lucky Five Second

The Beavers boosted their lead in the Bush League for Y-12 bowlers in pre-holiday bowling by beating down the Pin Busters for four points. Second place Lucky Fives held their own with three point wins over the Nine Pins, while other three point winners saw the Rollmasters roll past the Alley Gators, and the Rollniks over the Balls O' Fire. The Hi Balls took the Rodders for three an one-half points.

Roy Worley of the Pin Busters took scratch and handicap honors with a 252 and 273, while series honors went to Dick Huber, of the Beavers, with a 598 and Paul Evans, Beavers, 700, on the handicap play. The league leading Beavers swept team highs all the way with 878, 1025, 2526, and 2967. Enjoying a hiatus for the holidays the Bush League will see action against next Monday, January 9.

League standing follows:

Team	W	L
Beavers	42	18
Lucky Five	35½	24½
Pin Busters	34½	25½
Balls O' Fire	34	26
Rollmasters	34	26
Rollniks	28	32
Hi Balls	28	32
Alley Gators	26½	33½
Rodders	20½	39½
Nine Pins	17	43

## HOT DOG!

The Visking Company, Division of Union Carbide Corporation, has issued a booklet entitled "Saga Of A Sausage." It is a small reproduction of the Company entry that won first place in the annual awards banquet of the Publicity Club of Chicago. The booklet consists of a review of the entire sausage campaign of 1959.

**EATIN' HIGH ON THE HAWG** was the expressed aim of Fred Henry, left, of the Y-12 Buildings and Grounds Department, before setting forth on a hunt in the Tellico area November 26. He was accompanied by his stepson, Jim Fuller, of the Oak Ridge Gaseous Diffusion Plant. The Y-12er achieved his goal by slaying an 89-pound boar while Fuller downed the 67-pound deer.

## "You At Union Carbide" Re-Issued To Employees

Union Carbide Corporation was born 62 years ago in Spray, N.C., when the infant company began production of calcium carbide. Today, UCC is one of the top twenty industrial companies in the United States with approximately 75,000 in its employment, and with annual sales in excess of a billion dollars.

These and other interesting facts are contained in the revised edition of "You at Union Carbide" now being distributed throughout Y-12 Plant to all em-

at home after a stay at the Oak Ridge Hospital and wishes for a speedy convalescence are sent his way . . . E. E. Burns became a father again sometime during December, no more details.

Beta Four Assembly sent along a photo of this nice little lady who gladdened the hearts of Mr. and Mrs. C. A. Young by letting them adopt her. She's just nine months old and smart enough to be much older . . . The welcome mat is rolled out for R. W. Cook,

C. D. Feazell, C. W. Johnson, C. H. Parks, T. E. Redmond, C. E. Sayne, K. L. Sipe, C. O. Stephens, W. H. Tedder, C. Thompson, J. D. Weisgerber, and T. L. White. O. R. Sanders is also welcomed back into the department.

### MAINTENANCE

C. L. Moulton, Electrical, passed out the cigars Wednesday, December 28 . . . in honor of his daughter born at St. Sanders Hospital in Knoxville at midnight the night before.

That's all but the weather for now. George, hurry and get back. The tales are getting taller and nobody can drop that steel ruler like you can, old friend.

ployees. This is a new and up-to-date version of the booklet issued at the time of employment.

Other interesting and helpful coverage in the booklet explains various benefit plans, holidays, vacation plans, security, safety and plant protection, as well as plant rules and regulations.

The highly informative booklet is being issued through superintendents and department heads and should be in the hands of all employees by this time. New employees will, of course, be given a copy of the booklet to acquaint them better with their job and company.

## Many Y-12ers To Observe 15th And 10th Service Anniversaries

Druey B. Blackburn, Research Services, January 10.

Curtis A. Duff, Timekeeping, January 10.

## Weil's "Threepenny Opera" Is AAUW's Foreign Film For Jan.

The world famous "Threepenny Opera," Kurt Weil's film of the slums of London, will be shown at Robertsville Junior High School Auditorium Sunday, January 8, at 7:00 and 9:00 p.m.

Starring the late Weil's wife, Lotte Lenya, the opera film was banned by the Nazis, even destroyed they thought, but master films were smuggled out of Germany to survive and enjoy critics' acclaim all over the world. The series sponsored by the American Association of University Women is open to the public for a small admission charge.

Y-12ERS WON NOTHING FOR DOOR PRIZES AT THE DANCE, but that didn't dim the spirits at the dance at all. Shown here from left to right are Mildred Kidwell, Superintendent's Division, who did the drawing; Lee Stinnett, husband of Mary of Engineering Physics Development; guest Evelyn Moyer; Superintendent J. P. Murray; and guest Frank Moran. Guests won a country ham, turkey and fruit cake, respectively.

ONE SIDE SANG "RUDOLPH" WHILE THE OTHER SIDE sang "Good Night, Irene," which made for little harmony, but much merriment.

Just part of the crowd is shown in the above photos. Crowded tables, an even more crowded floor made the annual dance a happy,

pushing Christmas crowd. The popular annual party drew record crowds as Y-12ers got together again.
